
ENVIRONMENTAL POLICY

ANTIBIOTICOS DE LEON S.L., as a responsible member of society and the Pharmaceutical Industry in Spain, it is aware that the development of its activity must be carried out within a framework of environmental protection.

Therefore, ANTIBIOTICOS DE LEON S.L. placed at Av. de Antibióticos 59-61, León; to collaborate with the sustainability of human activities, it establishes this Environmental Policy based on the following **fundamental principles**:

- ✓ Comply with the applicable Environmental Legislation and Regulation and with other voluntary requirements to which the company subscribes, among others those related to meeting the needs / expectations of interested third parties.
- ✓ Promote Continuous Improvement by senior management through planning and establishing the necessary procedures, objectives and goals, in coordination with financial planning.
- ✓ Reduce the environmental impact of our activity, minimizing and avoiding, as far as possible, the environmental impacts of our activity, promoting the use of clean technologies, the sustainable use of resources, mitigation and adaptation to climate change and the protection of biodiversity and ecosystems.
- ✓ Improve the rational use of resources and sustainable consumption, promoting reduction, reuse and recycling .
- ✓ Involve, train and hold all the people who make up the Organization responsible so that they respect, share and apply these principles .

León, October 28th, 2020
